

GAIN THE ULTIMATE ADVANTAGE. ACCESS FREE PROGRAM TO GROW YOUR BUSINESS SKILLS.

DRAKE
INTERNATIONAL

‘Skills for Growth’ is a government funded initiative that provides you with a specialist consultant to work with you, free of charge, to identify your strategic business aims and objectives, and develop your workforce and training plans.

- *Is the demand for your services/products constantly high, but there is a skills gap in your industry sector?*
- *Do you want to boost your productivity and just don’t know how?*
- *Do you wonder why other businesses seem to achieve better results?*
- *You are not sure if your staff have the right skills?*

If you answered ‘yes’ to any of the above statements, and you employ less than 200 FTE staff in Victoria, then the ‘Skills for Growth’ program is just the right solution for you!

In addition, as a participating organisation you will have exclusive access to a new program of government subsidised funding for accredited training for eligible employees.

Drake has been appointed by the Victorian Government as an independent specialist consultant to work with organisations to identify their strategic priorities, assess their workforce and training needs, develop a workforce plan and tailored training plan and assist in placing employees into accredited training courses.

Give your business the ultimate advantage. Contact Drake today to learn more how you can benefit from the ‘Skills for Growth’ workforce planning program.
